SUBJECT: **ANNUAL NATIONAL ENVIRONMENTAL POLICY ACT PLANNING SUMMARY FOR 2009 – THOMAS JEFFERSON SITE OFFICE**

TO: David R. Hill, General Counsel, GC-1

In accordance with the June 1994 Secretarial Policy Statement on National Environmental Policy Act (NEPA) and Department of Energy Order 451.1B, and as requested in your December 10, 2008, memorandum, the Thomas Jefferson Site Office has reviewed on going and planned activities and has determined that there are no NEPA compliance activities planned over the next 12 months which will require completion of an Environmental Assessment. We also do not anticipate any activities to be conducted which will require an Environmental Impact Statement be prepared over the next 24 months. This memorandum will be available for public review and placed in the public reading room located in Building 12 at the Thomas Jefferson National Accelerator Facility.
