Reader's Guide

This Comment Response Document (CRD) for the *Final Site-Wide Environmental Impact Statement for Continued Operation of Los Alamos National Laboratory, Los Alamos, New Mexico* (LANL SWEIS or SWEIS) consists of four sections:

- Chapter 1 – Overview of the Public Comment Process

  This section describes the public comment process for the Draft LANL SWEIS; the format used in the public hearings on the Draft SWEIS; the organization of this CRD and how to use the document; and the changes made by the National Nuclear Security Administration (NNSA) to the Final LANL SWEIS in response to the public comments and developments that have occurred since publication of the Draft SWEIS.

- Chapter 2 – Major Issues

  This section presents summaries of the major issues identified from the public comments received on the Draft LANL SWEIS and the NNSA response to each issue.

- Chapter 3 – Public Comments and NNSA Responses

  This section presents a side-by-side display of the comments received by NNSA during the public comment period and the NNSA response to each comment. The comments were obtained at three public hearings on the Draft LANL SWEIS and by telephone, fax, electronic mail, and U.S. mail. Each comment document was assigned a sequential log number as it was received. When the same comment document was submitted by many individuals, it was designated as a campaign. The campaigns were grouped together for the purpose of responding to comments. This section also contains index tables of public officials, organizations, and individuals that commented on the Draft SWEIS.

- Chapter 4 – References

  This section contains the references cited in this CRD.

To Find a Specific Comment and NNSA Response

Refer to the "List of Commentors" immediately following the Table of Contents. This list is organized alphabetically by commentor name and shows the corresponding page number(s) where commentors can find their comment(s). Public officials, organizations, and interest groups appear first on the list, followed by individuals. City and state government bodies are listed under "City of " or State of." Members of Congress are listed alphabetically under "Members of Congress." Separate tables listing public officials and organizations and the page(s) where their comments and associated NNSA responses appear are also provided in Section 3 of this CRD.

The U.S. Department of Energy (DOE) has made a good faith effort to interpret the spelling of names that were either hand-written on comment forms and letters, transcribed from oral statements made during public hearings, or were recorded on the telephone comment line.
